- ▶ Woven from recycled polyester yarn
- ▶ MFi certified
- ▶ Cable tie included
- ▶ 5ft/1.5m cable
- ▶ Eco packaging and materials
- ▶ Durable cable design for everyday use

INSTANTCONNECT USB-A TO LIGHTNING

Charging cable for iPhone and iPad

Supports up to 12W charging

The InfinityLab InstantConnect USB-A to Lightning cable fast charges Apple devices, supporting up to 12W charging.

Designed to last, with a 35,000-bend lifespan

Whether you're working hard or playing harder, InfinityLab's ultra-durable USB-A to Lightning cable design ensures a 35,000-bend lifespan to survive all the twists and turns of everyday use.

Woven from recycled polyester yarn

The InstantConnect USB-A to Lightning cable is woven from recycled polyester yarn. This eco-conscious design makes it a smarter solution with less waste.

MFi certified

The InstantConnect USB-A to Lightning cable doesn't just support charging and data transfer. It's also tested and verified by the official MFi program to ensure ultimate integrity.

Cable tie included

Keep your cable tangle free with a reusable cable tie.

5ft/1.5m cable

The InstantConnect USB-A to Lightning cable is 5 feet/1.5 meters long, so you can easily and comfortably use your device while it's being charged.

Eco packaging and materials

This is a more earth-friendly cable. With recycled polyester yarn and FSC-certified packaging printed with organic soy ink.

Durable cable design for everyday use

The InstantConnect USB-A to Lightning cable is made from PVC-free materials with a TPE protection layer. Woven with high-strength braided fabric, this cable is thoroughly tested to ensure it's extra tough and protects your battery with a stable current.
