INSTANTCHARGER 30W 2 USB
Compact USB-C and USB-A PD charger

Power your life.

Hit the road with the compact InstantCharger 30W 2 USB. This powerful, pocket-sized charger safely charges two devices[1] simultaneously. It can fast charge anything with a USB-A or USB-C cable—phones, earbuds, power banks, cameras, even your laptop or gaming console. The charger is smart—it knows how to optimize and distribute energy based on what's plugged in. And it's made from recycled plastics and packaged in sustainable, earth-friendly materials. Travel light, wherever the journey takes you.

Features

▸ Fast charge USB-C equipped laptops
▸ Charge your device in the blink of an eye
▸ Compact, pocket sized design
▸ Charge two devices simultaneously
▸ Smart power distribution
▸ Eco materials and packaging
▸ Advanced safety and reliability

Fast charge USB-C equipped laptops

Perfect for power-ups. This high-speed wall charger's USB-C charging port delivers up to 30W[2] output power to laptops[3] with a USB-C charging input.

Charge your device in the blink of an eye

Power Delivery 3.0 ensures fast charging for your devices. We're talking recharged up to 50% in 30 minutes for an iPhone 12[4], 40 minutes for a Samsung Galaxy S21[4], or 70 minutes for a MacBook Air (2020)[4]. Yes, that fast.

Compact, pocket sized design

Bulky, heavy chargers be gone. The InstantCharger 30W 2 USB is a lightweight power adapter. Perfect for people who don't want to be weighed down.

Charge two devices simultaneously

The InstantCharger 30W 2 USB is equipped with one USB-A port and one USB-C port[5]. So even if there's only one power outlet available, you don't need to fret about which device gets charged first.

Smart power distribution

You want efficiency? You want optimal charging speeds? The InstantCharger 30W 2 USB delivers. It's smart enough to know how to allocate power, depending on which devices are plugged in.

Eco materials and packaging

This is a more earth-friendly USB charger. With 90% recycled plastics and FSC-certified packaging printed with organic soy ink.

Advanced safety and reliability

The charger provides surge protection and auto protection against overheating, overcurrent, and overvoltage.

Disclaimers:
1. Charging cables sold separately.
2. To deliver single USB-C port max. 30W charging, select compatible USB-C to USB-C cable that can support 30W charging output.
3. It may not apply to laptops that require output power more than 30W.
4. Charging times based on SGS testing using USB-C port and compatible charging cable. Actual user experience may vary depending on many factors, such as model, battery size, temperature, humidity, and condition and age of the device.
5. Charging cables sold separately. USB-C port supports max. 30W PD charging. USB-A port supports max. 15W charging. When charging two devices simultaneously, total max. output is 30W.

What's in the Box:

1 x InstantCharger 30W 2 USB
1 x QSG
1 x Safety sheet
1 x Warranty card

Technical Specifications

General specifications

- Output power: 30.0W Max.
- Operating temperature: 0~45°C
- Average active efficiency: Min. 81.70%
- Efficiency at low load(10%): Min. 72.89%
- No-load power consumption: Max. 0.09W
- Input: 100-240V, 50–60Hz, 0.8A
- Max. output: USB-C: 5.0V 3.0A,15.0W; 9.0V 3.0A, 27.0W; 12.0V 2.5A, 30.0 W; 15.0V 2.0A, 30.0W; 20.0V 1.5A, 30.0W
  USB-A: 5.0V 3.0A, 15.0W;
  USB-A+USB-C: 12.0W + 18.0W
