

INSTANTGO 10000 BUILT-IN LIGHTNING CABLE

30W PD ultra-fast charging power bank

Power your life. Anywhere, anytime.

Recharge without losing connection, anywhere, anytime. The compact, high-speed InfinityLab InstantGo 10000 Built-in Lightning Cable power bank lets you safely charge two devices¹ simultaneously. For a quick boost, it can even get you to 50% in no time! And with a Lightning cable attached, you'll never be hunting for a misplaced cable. Only one wall outlet available? Smart pass-through charging lets you power up your phone and power bank at the same time. Thanks to auto protection you'll never have to worry about your devices. Plus it's made from recycled plastics and packaged in sustainable, earth-friendly materials.

Features

- ▶ Charge your Apple device in the blink of an eye
- ▶ Charge two devices simultaneously
- ▶ Enough juice to charge your phone twice
- ▶ Smart pass-through charging
- ▶ Slim, compact, pocket sized design
- ▶ Eco materials and packaging
- ▶ Integrated Lightning cable
- ▶ Apple Lightning input
- ▶ Advanced safety and reliability

INSTANTGO 10000 BUILT-IN LIGHTNING CABLE

30W PD ultra-fast charging power bank

Charge your Apple device in the blink of an eye

Power Delivery 3.0 ensures fast charging for your Apple devices. We're talking recharged up to 50% in 30 minutes for an iPhone 12². Yes, that fast.

Charge two devices simultaneously

With up to 30W³ fast charging, you can simultaneously charge an iPhone or iPad with the built-in Lightning cable and any other device via the USB-A port⁴. Power up smarter.

Enough juice to charge your phone twice

Stay powered up on the go with a 10,000mAh battery which will fully charge your phone two times⁵.

Smart pass-through charging

Only one wall outlet available? That's all you need to boost your phone and power bank at the same time thanks to smart pass-through charging⁶.

Slim, compact, pocket sized design

The compact design of the InstantGo 10000 Built-in Lightning Cable makes it a portable charger you can take anywhere.

Eco materials and packaging

This is a more earth-friendly power bank. With 90% recycled plastics and FSC-certified packaging printed with organic soy ink.

Integrated Lightning cable

A power bank and Lightning cable in one. Never again experience a desperate hunt for outlets or cables while you're on the go.

Apple Lightning input

MFi certified means you can recharge the power bank with a Lightning cable from your iPhone or iPad.

Advanced safety and reliability

The power bank features auto protection against overheating and features overcurrent/overvoltage conditions. It even protects against plugging in something incorrectly.

Disclaimers:

1. One Apple device and one device of any brand. Extra cables sold separately.
2. Charging times based on SGS testing using built-in Lightning cable. Actual user experience may vary depending on many factors, such as model, battery size, temperature, humidity, and condition and age of the device.
3. Built-in Lightning cable supports max. 18W PD charging. USB-A port supports max. 15W charging. When charging two devices simultaneously, total max. output is 30W.
4. Extra cables sold separately. When two devices are charging simultaneously, these devices may be partial charge instead of full charge due to the battery capacity of power bank.
5. Based on SGS testing for an iPhone 12, using a fully charged power bank indoors under room temperature to charge a fully discharged iPhone 12 until it is 100% charged, and repeating the process until the power bank is out of battery. Actual user experience may vary depending on many factors, such as smartphone make, model, battery size, temperature, humidity, and condition and age of the device.
6. Wall charger sold separately.

What's in the Box:

- 1 x InstantGo 10000 Built-in Lightning Cable power bank
- 1 x QSG
- 1 x Safety sheet
- 1 x Warranty card

Technical Specifications

General specifications

- ▶ Battery type: Lithium-ion Polymer 38.5 Wh (equivalent to 3.85V, 10,000mAh)
- ▶ Operating temperature: 0~45°C
- ▶ Lightning in: 5V~2.4A
- ▶ Lightning out: 5V~3A, 9V~2A
- ▶ USB-A out: 5V~3A
- ▶ Total Output Max.: 30W
- ▶ Battery charge time: 6 hours (5V~2.4A)

Dimensions

- ▶ Dimensions (W x H x D): 153 x 76 x 15.2mm/ 6 x 3 x 0.6"
- ▶ Weight: 230g/0.51 lbs
